-

ATLAS CAMERA SYSTEM – ACTIVITY SUMMARY

- Total Activations: **14 855**
 - Calibre Response Dispatched: **277**
-

LOCAL PATROL COVERAGE – 32,586 KM

Our response team covered 32,586 kilometers in January. As we welcome the New Year, they will continue regular patrols to keep the community safe and residents at ease.

CRIME TRENDS

January 10

 **Crime Trend:** During January, the community experienced several thefts, housebreakings, and attempted breakings. Many incidents involved entry through unsecured access points. Residents are reminded to secure all doors, windows, and outdoor areas, remain vigilant, and report anything suspicious. Regular patrols and cooperation continue to help keep the community safe.

PROPERTY SECURITY: UNSECURED HOMES

January 26

 Residents and tenants are kindly reminded to ensure that all doors are locked, alarms are activated, and access points are always secured. Leaving entry points unsecured can put both your property and the wider community at risk. We encourage everyone to remain vigilant, take these precautions seriously. Together, we can ensure our community remains safe and secure for all!

Quick Home Security Checklist:

- ✓ Lock doors & windows
 - ✓ Activate your alarm before leaving
 - ✓ Notify Calibre if you'll be away
 - ✓ Ask a neighbour to watch your property
 - ✓ Check exterior lights are working
-

NOTICE TO SERVICE PROVIDERS

False alarm incidents caused by service providers:

January 15

Important Reminder:

Well done to our service providers for a month with fewer incidents! A big thank you to homeowners who notify us in advance - your cooperation is essential in reducing false alarms and supporting our response teams.

Please remember: all homeowners and tenants must ensure their service providers contact the Calibre office **before entering any premises**. This allows our control room to be aware of on-site activity, prevents unnecessary alarm activations and response deployments, and helps our teams manage time and resources efficiently.
